

PARKER & PAW HOUSE-CALL DOG GROOMING

DOG GROOMING, IN THE COMFORT OF YOUR PUP'S OWN HOME.

In an industry where there is no formal licensing or qualification required for dog groomers, Parker & Paw have set out to provide one-on-one, in-home, tailored grooming services to Adelaide's small to medium sized dogs, putting their needs and safety first. As a qualified groomer, having trained at Australia's oldest training provider of over 20 years, Dog Diversity (2023) and completing a Certificate 3 in Animal Care via Applied Vocational Training (2024),
I hold in highest regard:

ONGOING TRAINING AND UPSKILLING AS A GROOMER.

To work with animals means that as groomers, we are working with vulnerable lives—your pets. It's our responsibility to safely handle your pets during their groom, and provide them with the most comfortable haircut that benefits them and their owners. I prioritise my training and education as a groomer, and seek out the most up-to-date grooming practices, information and opportunities to improve the quality of my work, maintaining a membership with IgroomHub Australia. I am also insured (QBE) and have Pet First Aid Certification obtained via Red Cross Australia.

EQUIPMENT MAINTENANCE AND HYGIENE PROCEDURES.

My price as an independent groomer reflects the time and care provided one-on-one with your dog throughout the entire process, without the rush or presence of other dogs and importantly, the assurance that my equipment is cleaned and maintained for your dog and all dogs. Being able to focus entirely on your dog and the tools used on them eliminates potential infection transference between blades, for example. I also use bathing products that will benefit your pet's coat, cleaning them thoroughly down to the skin and conditioning their fur, using their own loofah and chamois towel. Please see more on my grooming arsenal below.

ONE-ON-ONE SERVICE AND RELATIONSHIP WITH THE DOG.

Having worked in salons previously, I wanted to create an environment where dogs who struggle in busy environments are guaranteed to get the extra time and care they need without distractions, or a more owner-friendly option where you don't need to go out of your way to get your dog taken care of. I will prep, bathe and dry your dog, and groom them until the end. This allows me to get to know a dog and determine a goal for their grooming. House call grooming is a premium service where clients put their dog's safety and comfort first and understand the one-on-one nature between the dog and groomer; the time spent on setting up, prepping, bathing, drying and grooming their dog in the home and on their own, without multiple 'stations' and employees.

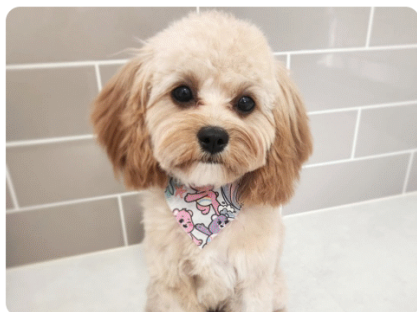

PARKER & PAW

PET SERVICES

As an independent and qualified groomer, I service a maximum of 4 dogs per day in 3 service zones outlined in this document and the website, from 7am - 5pm. It's my goal to achieve the best quality workmanship that your pet will allow me to, and spend enough time required with them to look and feel their best. Please see current house-call grooming prices as of 2025.

BATH DRY NAILS

From \$110.00

Coat must NOT require shaving or de-matting.

Thorough bathe, ear clean (Epiotic only if requested) and blowout using Professional Grade shampoo (2x) and conditioner (1x) comb-through, fluff dry, brush and comb out, and nail trim and buff. Cologne optional.

BATH TIDY SANI

From \$130.00

Full bath and blowout service with the addition of a sanitary trim (pads/top feet, nails, pits, groin, bum) and face tidy (lip region, ear and fringe trim).

Dogs with sensitive skin can be clipped with a slightly longer blade to reduce the risk of irritation.

FULL SERVICE

From \$150.00

Full bath, dry, blowout and body clip to desired length.

Spending one on one time with your dog throughout the whole process, I will take the time needed to patiently make your dog look their personal best, paying attention to the details. 4-8 week grooming schedules.

[BLADE OIL](#)—\$11.95

[PROTECT SANITISER SPRAY](#)—\$19.50

HOW DOES IT ACTUALLY WORK?

Think of me as a tradie coming in to install floorboards with all my equipment; except I'm grooming your dog. I adapt to the space and will determine the best area to bathe and dry your dog, and where to set up my table. As long as you've got a hot and cold mixer tap (bonus points for sprayers) and a wall outlet, I'm good to go. In hot weather, I will need space to groom inside that is air conditioned.

CAN I BE HOME?

Yes. For the first appointment, many opt to be home however become comfortable with me accessing the home, doing the job, cleaning up and locking up while they're out at work (lock box). Unless I request assistance for certain dogs who require some TLC, I will only work in a safe, quiet, private and clear space. Due to distractions, owners are not required to be in the room to watch the process.

HOW CAN I BECOME A CLIENT?

I do have an intake process that involves an online form where you will be able to provide information regarding your dog, their grooming history, vaccination documents and information about set up spots in the home. If you'd like to jump on board, please complete [this form](#) and I'll be in contact for an initial appointment where we will also discuss grooming goals.

HOW DO I PAY?

At the moment, I accept payment in person via cash or EFT. I accept payments **before** the service in order to save time at the end, and eliminate the possibility of clients forgetting to make payment for the service, or late payments.

CAN I SEE YOUR WORK?

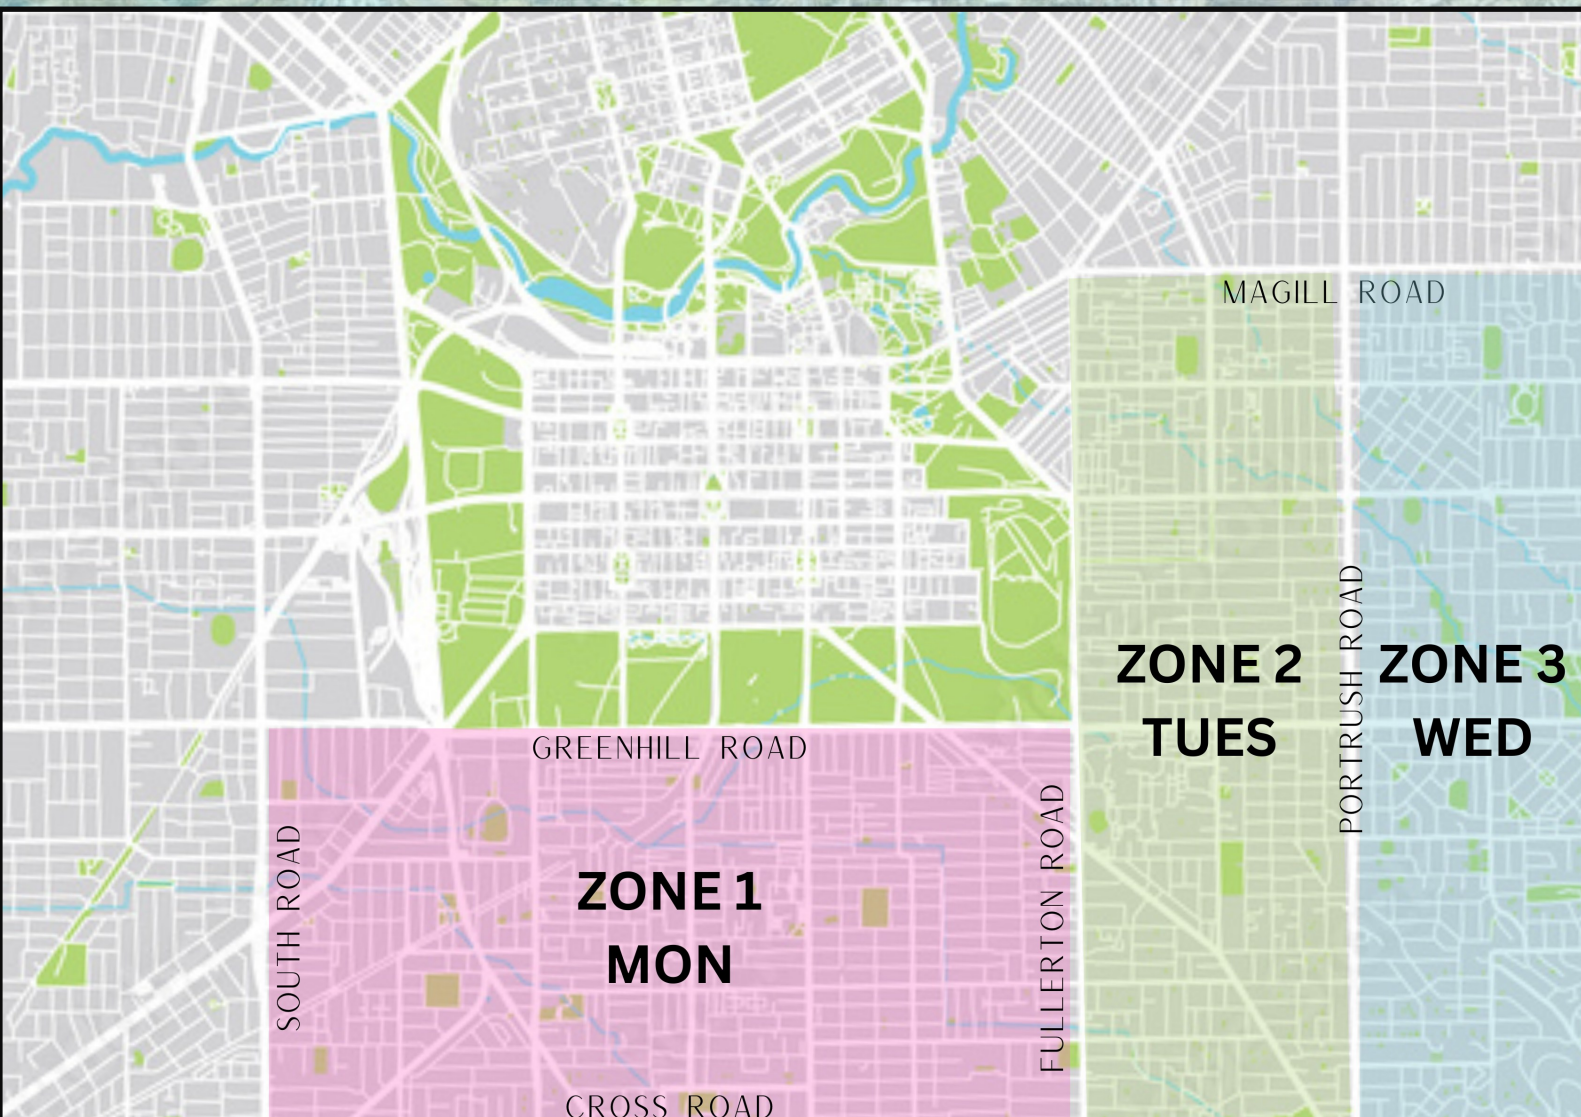

Yes—[see here](#) for some satisfying before and afters.

HOW MANY GROOMS DO YOU COMPLETE IN ONE DAY?

Due to the solo and mobile nature and physical labour of grooming dogs, I aim for 4 grooming per day in their designated service areas. I am happy to service multiple dog homes; or if clients wish for me to groom their friend/families dogs, they are welcome to tag along under one roof. Grooming a small amount of dogs per day allows the groomer to not wear out their bodies, but also to spend enough time with one dog without rushing or stress— as opposed to a small team grooming up to 30 dogs in one day, causing burn out.

SERVICE AREAS

Parker & Paw currently services Monday, Tuesday and Wednesday. For example:

You may be a Zone 1 Monday morning 7am Millswood Client who paid for 6 months up-front:

1st Groom: Monday 6 Jan, 2025
